Freddy Fox is very charming. When he flashes his smile, look out! Freddy can talk you into doing whatever he wants. Freddy is a wonderful salesman.

Patricia Piglet is very smart. She's also very stubborn. When Patricia wants cake, don't give her bread. Patricia has a bit of a temper.

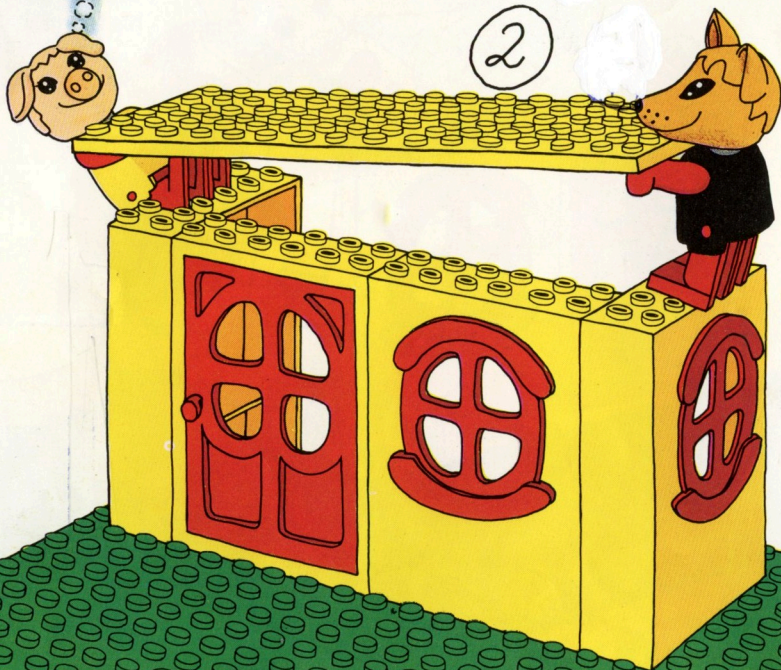

1.

"Patricia Piglet, will you help me build a bakery?" asks Freddy Fox, flashing his friendliest smile.

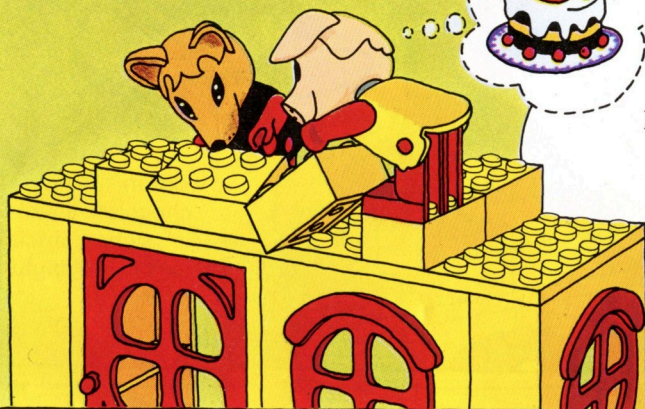

"A bakery? YUM - YUM!
Of course I'll help," says Patricia.

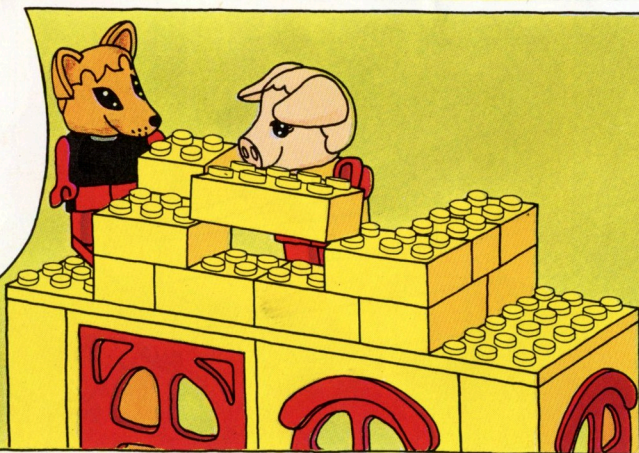

3

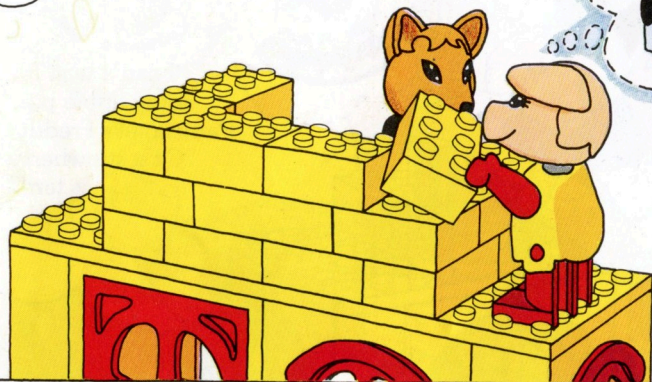

"I can't wait for
some apple pie."
Patricia tells Freddy.
"Or a strawberry
tart!"

"Then let's work fast,"
suggests Freddy Fox
with a smile.

5

"Oh, what I
wouldn't do for a
chocolate cake!"
sighs Patricia
longingly.

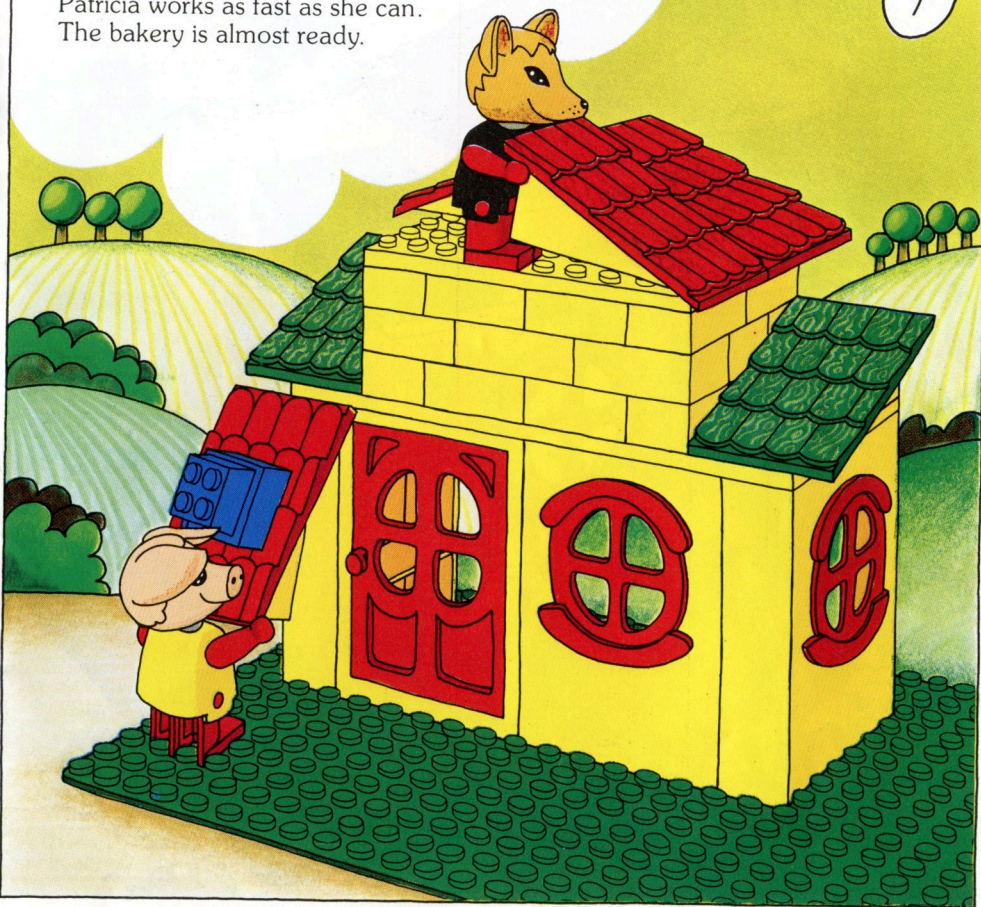

6

Freddy grins.
"Let's build faster,
Patricia."

Patricia works as fast as she can.
The bakery is almost ready.

"Just some shelves
and we'll be done,"
Freddy Fox says.

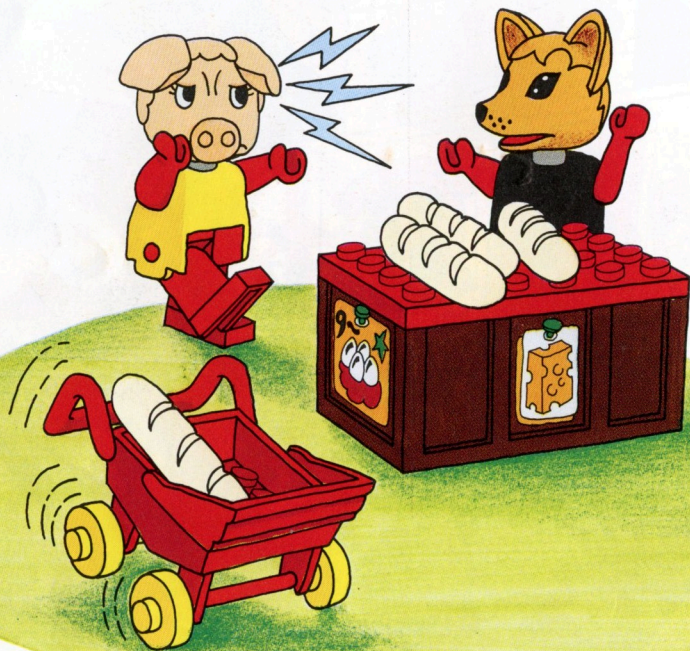

"YUM-YUM!"
Patricia replies.

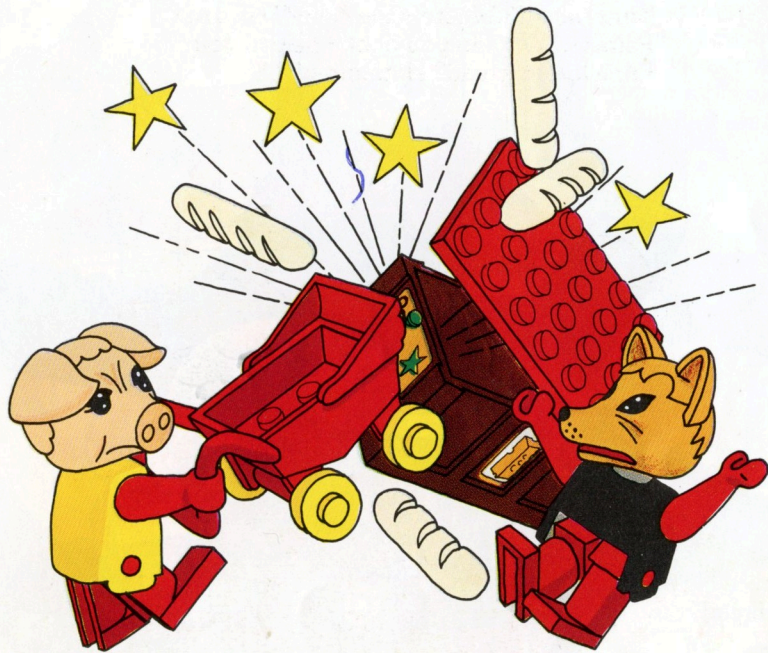

Some signs,
a shopping trolley,
some loaves of bread ...

“Just bread?? Where’s the cake?” cries out Patricia. “Why do you think I helped you? For a loaf of bread? Hmmmmph!!”

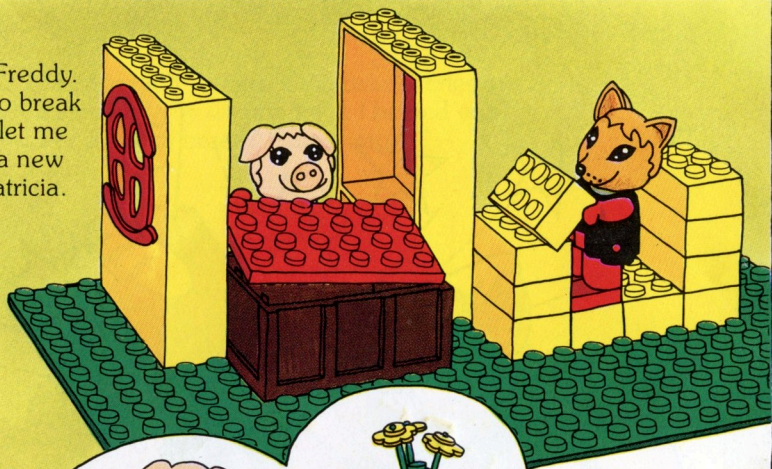

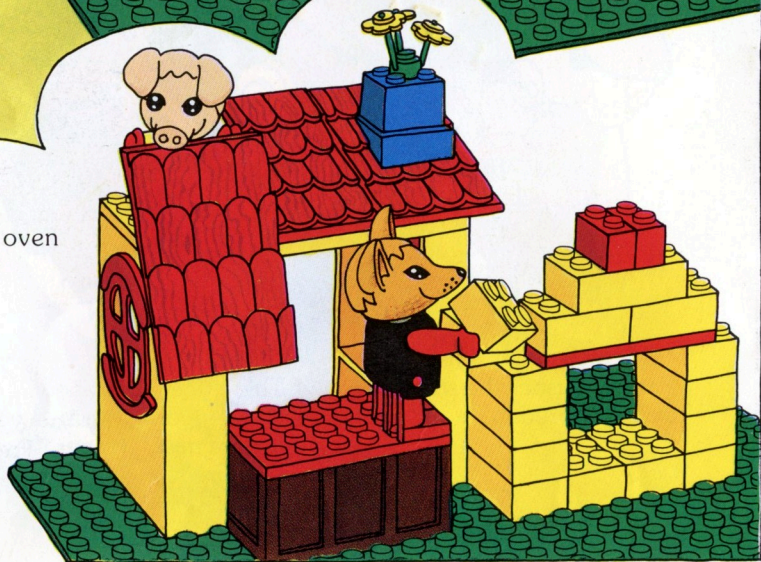

"You tricked me, Freddy Fox!"
Patricia pushes the shopping
trolley at Freddy.

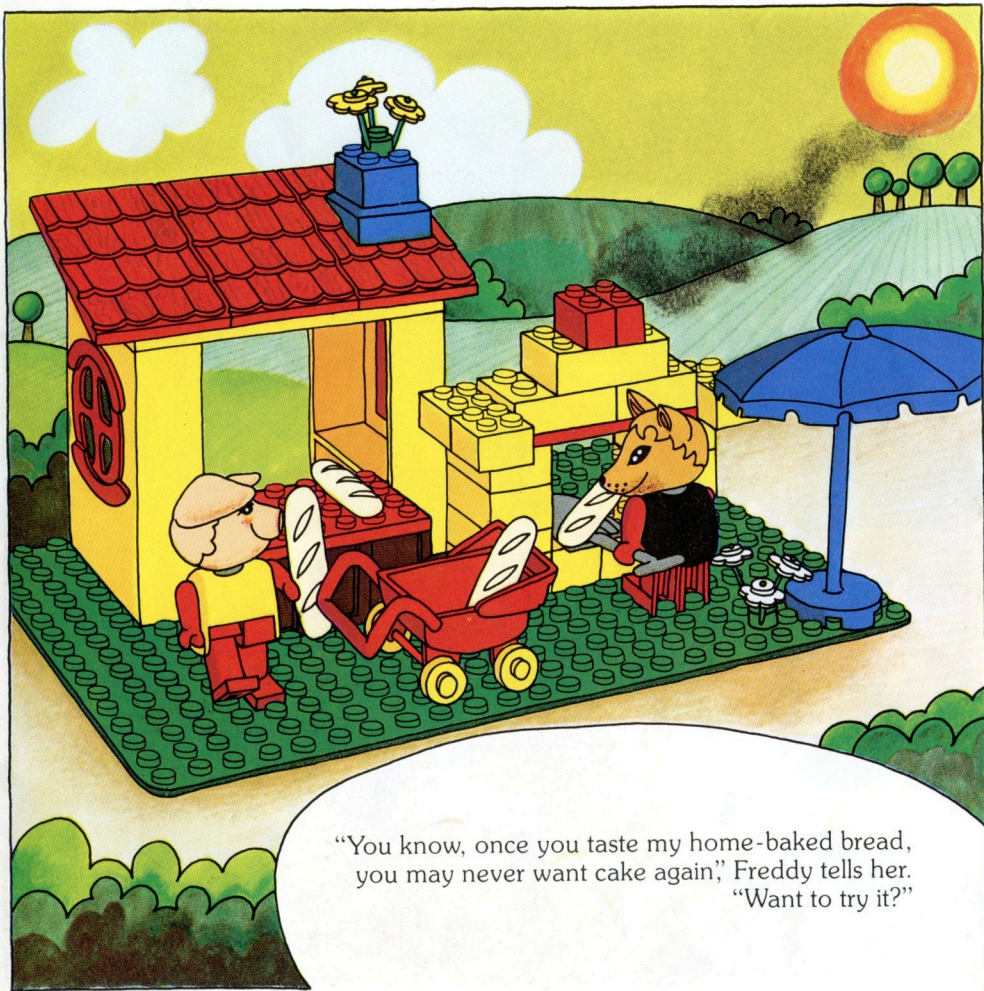

CRASH! BAM!
There goes the bakery.
"Has anyone ever told you you
have a nasty temper, Miss Piglet?"
asks Freddy.

"I'm so sorry, Freddy. I didn't mean to break things. Please, let me help you build a new bakery," says Patricia.

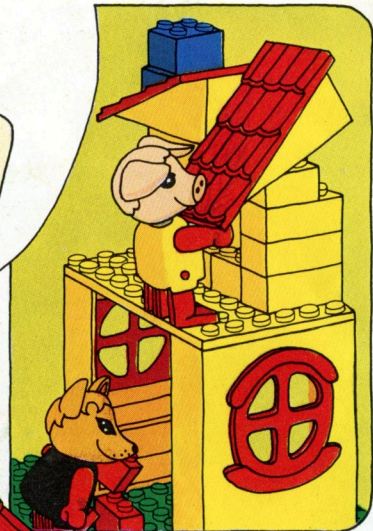

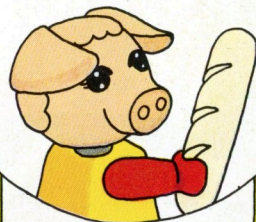

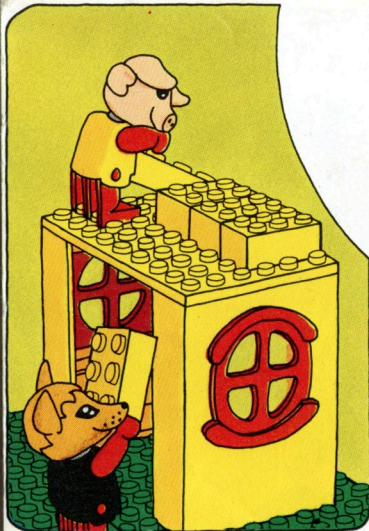

"With a nice big oven for your bread."

"You know, once you taste my home-baked bread, you may never want cake again," Freddy tells her. "Want to try it?"

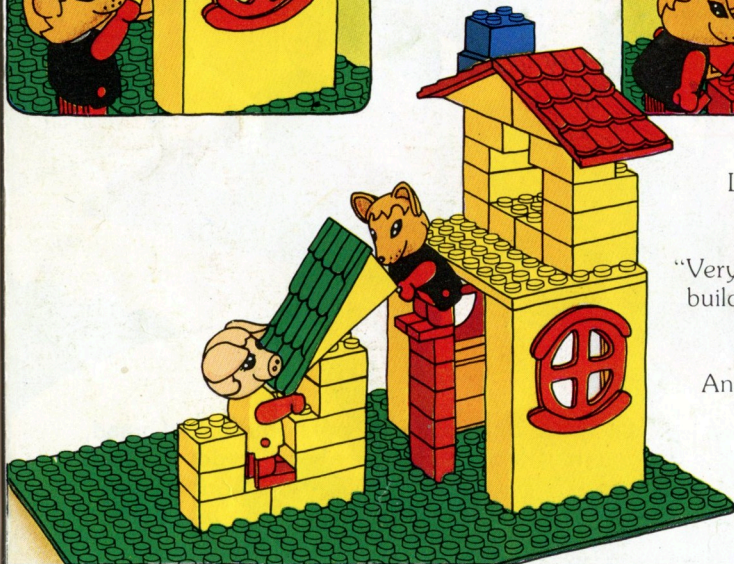

"YUM-YUM!
This bread is terrific!"

Let's make more.
Let's more ..."

"Very good idea! Let's
build a bread factory."
says Freddy.

And they get started
at once.

"Faster!" cries out Patricia. "More bread!"

"Don't eat so much. You'll get fat,"
warns Freddy.

"It's not all for me.
It's for everyone in FABULAND,"
says the Piglet.
